Jurisdiction

18. Jurisdiction of this court arises as the acts happened in this county

19. Venue in this District is proper in that the defendants transact business here, and the acts and transactions occurred here.
20. The Defendants regularly had calls placed for their benefit or on their behalf to Tennessee residents for the purpose of soliciting residents to buy their promotional products and services, and these products and services were regularly shipped to Tennessee residents.

FACTUAL ALLEGATIONS

21. In 2016, the Plaintiff recieved multiple unwanted phone calls from call center agents working in the Philippines offering a variety of “male enhancement” pills, which is an euphamism for pills that are supposed to increase sexual stamina, penis length, penis girth, and other unsubstantiated claims of increasing male sexual prowess.
22. These programs were pitched as a free trial sample of the product as long as the Plaintiff covered the shipping and handling cost the initial order, but there would be a significantly larger charge if the Plaintiff didn’t cancel within a short period of time, which is a “negative option marketing” where a consumer must opt out of future charges or they will be charged for a program.
23. Each and every call was placed by an automated telephone dialing system and the agents failed to state the name of the entity on whose behalf the calls were being placed. Each call as placed to the Plaintiff’s cell phone

- without consent from the Plaintiff or any sort of emergency purpose. The agents were not trained on the use of an internal do-not-call list and the entities that placed the calls failed to maintain an internal do-not-call list.
24. Each and every call was placed by or for the benefit of Sharks Eat, LLC, Seven90, LLC, Affilaite Truth, LLC, Joshua Askeroth, and Eli Connor. Most of the other calls were placed by or on behalf of the remaining defendants.
25. Multiple products were pitched on each call, for example one call pitched products by Blue Fox Nutrition and Green Earth Nutrition in the same call.
26. The Plaintiff is still in the process of researching and obtaining call records and the total number of calls in question.

Green Earth Nutrition Products

30. The Plaintiff was offered a male enhancement Product called Vertigro XL which is manufactured by Green Earth Nutrition, LLC on a call that was initiated by an automated telephone dialing system to the Plaintiff's cell phone.

Theories of Liability

31. As these parties stand to profit and benefit from the Plaintiff's enrollment in these programs, they are vicariously liable for the calls as a seller, as defined by the TCPA, even if they didn't directly place the calls to the Plaintiff.
32. The individual corporate officers and managers of each of the corporate entities are liable for the calls placed on behalf or for their benefit. They are personally liable for the TCPA damages as they had direct, personal participation in causing the illegal telephone calls to be made as well as they directly authorized the illegal telemarketing calls to be made.
33. The individual corporate officers also failed to take efforts to implement appropriate policies or procedures designed to comply with the TCPA which makes them personally liable for the telephone calls made on their behalf and for their benefit.
34. These phone calls violated the TCPA in two ways, first by placing multiple automated telephone calls to the Plaintiff's cell phone in violation of 47 USC 227(b), and second by not conforming to the requirements of 47 USC 227(c)(5) and the FCC's rulemaking authority under 47 CFR 64.1200(d), which requires the defendants to have a written policy for maintaining a

do-not-call list, failure to train agents and personnel engaged in telemarketing on the use of the do-not-call list, and the failure to identify the party placing the call or the entity for which the call is being placed. Each of the Defendants are jointly liable to the Plaintiff in the amount of \$3,000 per call made, \$1500 for violating 47 USC 227(b) and \$1500 for violating 47 USC 227(c)(5). Additionally, each product offered by each company represents a new cause of action entitling the Plaintiff to \$3,000 per call per defendant.

35. The Plaintiff alleges direct, vicarious, joint, and several liability for the listed corporations and the officers of the corporations. Additionally, the officers of the corporations have a direct role in the illegal conduct, authorizing it and ratifying the illegal telephone calls.
36. The officers of each and every listed corporation had direct, personal conduct in authorizing the telephone calls or oversaw and directed the telemarketing efforts for which their corporations benefitted. The officers set company policy and directed the marketing efforts of the respective companies.

37. The Plaintiff has suffered actual damages in the form of the trial enrollment fees charged.
38. Additionally, the Plaintiff has suffered annoyance, frustration, anger, loss of cell phone use, reduced battery life of his cell phone due to the calls.
